Bonnyville Regional Fire Authority, Box 6827, Bonnyville, Alberta, T9N 2H3, Ph: 780- 826-4755

For Immediate Release:

Home Hardware Fire- UPDATE

This morning at approximately **7:25 a.m.**, the Bonnyville Regional Fire Authority (BRFA) responded to a reported fire at the **Home Hardware in Bonnyville**.

Upon arrival, firefighters found a fire located at the loading dock and trailer area. Crews acted quickly to contain the flames, preventing the fire from spreading into the main building. Thanks to the fast and coordinated response, damage was limited to the trailer and loading dock.

A total of **two fire command units and four fire trucks** from **Bonnyville Station 5** responded, with support from **Fort Kent Station 7** and **Ardmore Station 8**, each providing one additional fire truck.

"The quick work of our crews ensured that the fire was contained before it could impact the main store," said the Bonnyville Regional Fire Authority. "We are grateful for the teamwork of our firefighters and the support of our regional stations."

The fire remains **under investigation**, and no injuries have been reported at this time.

About the BRFA:

The Bonnyville Regional Fire Authority (BRFA) provides Fire Protection, 911 Communication Services, and Emergency Medical Services (EMS) to many areas in Northeast Alberta. In addition to these services, the Authority also provides industrial fire protection services under contract to industrial partners and contract 911 and Dispatch services to multiple municipalities
